CONDITIONS OF SALE.

Please read Sale Terms Before Bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per PIECE, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

Important Notice. We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. Our records are final.

**THE ELDER COIN & CURIO CORPORATION,
No. 8 West 37th Street, New York City, N. Y.**

Our Season of 1932-3 is already begun and we solicit collections or duplicates for auction sale. Our Sales are in their 28th year and we can point to concrete results satisfactory alike to buyer and seller. We are capable of cataloguing all classes of coins and secure the best results. While we do not print letters of reference or praise, we have hundreds of them expressing complete satisfaction with our catalogues, our grading of coins, our sales and the results we have obtained. The fact that we are still at the forefront of the sale business after 28 years is we think all the reference we need. One other, who has been doing such bombastic advertising, has disappeared from the scene, and those who listened too closely to his bombast have lost their money. Write us or send on the collections.

JUMBO TOMATO SEEDS.

The writer planted a dozen small plants of these tomatoes and raised 100 Pounds, with single tomatoes weighing from 2¼ to 2½ pounds. They are much larger than any of the regular varieties; their flesh is fine and firm and they have very few seeds. The seeds can be set outside, not too early, in a small plot of rich ground with a border of sticks; or else inside in a box. My last years planting of seeds came up practically 100 percent. I had enough plants to supply friends and neighbors. They all got fine tomatoes of extra size.
